Lunch Salad w/ Cheese, WG Roll,  
And a choice of meat,  
Sides: Caesar Salad, Milk, Juice, & Fruit

**Harvest of the Month: Harvest of the Month: Radish** - Florida is the leading producer of radishes in the United States and harvests over 20 percent of the country's radish acreage. The bulk of Florida's radish farms can be found in Orange and Palm Beach counties, where the warm, sunny climate is ideal for growing a wide variety of vegetables. Radishes are a type of root vegetable. Radish comes from the Latin word radix - meaning "root". *Harvest of the Month*. Look for Radishes on the Salad Bar and as a side this month!

At lunch, we are required to offer five components. Students are required to take 3 of the 5 components, one of those must be a serving of fruit or vegetable to be counted as reimbursable. We encourage students to take all 5.

This Institution is an Equal Opportunity Provider

- Components:**
- Bread/grain
  - Fruit
  - Vegetable
  - Milk
  - Meat/Meat Alternate
